PROFESSIONAL SUMMARY

Electronics and Communications Engineering student with a strong focus on Business Intelligence and Data Analysis. Hands-on experience in data cleaning, SQL analysis, data modeling, and developing interactive Power BI dashboards using DAX. Seeking an internship or entry-level opportunity in BI or Data Analysis.

EDUCATION

Bachelor of Electronics & Communications Engineering, *South Valley University* 2022 – 2027
Expected Graduation: 2027 | GPA: 3.2 (80%)

SKILLS

Technical Skills — Power BI | Excel | Power Query | Python (Pandas, Matplotlib) | SQL (MySQL) | Data Cleaning & Visualization | Interactive Dashboards & Reporting | Relational Data Modeling

Soft Skills — Communication | Teamwork & Collaboration | Problem Solving | Presentation Skills | Organization & Task Coordination

EXPERIENCE

Digital Egypt Pioneers Initiative (DEPI), *Data Analysis Trainee* 12/2025 – 07/2026
- Completed practical training in data analysis using Excel, SQL, Python, and Power BI.
- Applied data cleaning, analysis, and visualization techniques through hands-on projects.

IEEE SB SVU, *Vice Head – Communication Team* 09/2025 – 08/2026
- Coordinated technical workshops content, managed tasks, and directed team communication activities.

IEEE SB SVU, *Electrical Technical Member* 10/2023 – 09/2025
- Delivered technical presentations and contributed to student engineering sessions.

PROJECTS

Olist E-commerce Data Analytics, *Power BI, DAX, SQL, Python*
- Developed 3 interactive Power BI dashboards covering sales, customers, delivery, and seller performance for a dataset of 100K+ orders.
- Owned the Power BI development, including DAX measures, advanced calculations, and interactive analysis.

E-commerce Customer Shopping Behavior Analysis, *Python, MySQL, Power BI*
- Cleaned and analyzed 3,900 retail transactions using Python and SQL to identify purchasing patterns and customer segments.
- Built an interactive Power BI dashboard to present key business insights.

HR Attendance Analysis, *Power BI, Power Query, DAX*
- Analyzed employee attendance, work-from-home, and sick-leave patterns.
- Developed an interactive dashboard with key attendance metrics and KPIs.

Leadership Readiness Analysis, *Excel*
- Analyzed performance indicators for 13 student activity committee members, including attendance, task completion, and work quality.
- Built an Excel dashboard to assess leadership potential and compare performance metrics.

TRAINING & CERTIFICATIONS

Data Analysis Trainee, *Digital Egypt Pioneers Initiative (DEPI)* 12/2025 – 07/2026
- Completed practical training in data analysis using Excel, SQL, Python, and Power BI.

Network Infrastructure, *National Telecommunication Institute (NTI)* 07/2025 – 08/2025
Studied networking fundamentals and infrastructure basics.

IT Support Level 1 Training, *Creativa Innovation Hub – Qena* 09/2025
Trained on basic IT support and troubleshooting concepts.
